

Counterfeit Detectors

D62 (UV)

The same counterfeit fighting technology used by banks for years is now available for small business. With a total of 12 watts of UV power this money detector is strong enough to work under any condition.

Great for banks, bars, nightclubs, restaurants, movie theaters and anywhere where fast and low lit cash transactions take place.

Advantages

- Accurate and convenient to use
- Easy to use
- Reduces counterfeit losses
- Clearly visualize the fluorescence of the security thread in U.S. dollars or fibers and features in other currencies, credit cards, special documents, etc.

Features

- Equipped with two powerful 6 Watts UV lamps (12W)
- Specially designed to protect the user from direct eye exposure to the UV rays
- Compact and sturdy, plastic body
Secure UV lamp contacts
