

# Counterfeit Detector D66 (UV/MG/WM/MP)

Protect your money with this professional counterfeit detector. The simultaneous quad money detection system checks ultraviolet, magnetic, watermark and micro-printing security features. Additionally, the D66 counterfeit detector is equipped with an auto on/off sensor, an enlarged magnifying glass and with the advantage to check for ultraviolet and watermark features simultaneously. This analyzer includes a folding stand for angled viewing to protect from UV ray eye exposure.

Great for banks, bars, gas stations, nightclubs, restaurants, movie theaters and anywhere cash transactions take place.

---

## Advantages

---

- Compact and Portable
- Powerful ultraviolet light detector
- Auto on/off sensor
- Automatic UV sensor
- Magnetic detection
- Fluorescent light for watermark verification
- Simultaneous UV and watermark verification
- Large Magnifier for micro-printing Verification

- Folding stand for angled viewing

## Applications

- Banks
- Bars
- Gas Stations
- Night Clubs
- Restaurants
- Movie Theaters

## Features

- Equipped with two powerful 6 watts UV UV lamps to easily inspect the surface of bills and other documents
- Integrated watermark verification light
- Integrated magnifier for micro-printing verification
- Equipped with magnetic head to detect magnetic features
- Retractable stand for enhanced analysis
- Specially designed to protect from direct UV ray eye exposure

## Specifications

Dimensions	10.5" x 5.25" x 5.25"
Power Consumption	16 Watts
Currency Accepted	Any currency
UV Detection	26W UV lamps (12W)
Magnetic Detection	Magnetic Head
Watermark Verification	Fluorescent Lamp
Micro-Printing Verification	Integrated Magnifier
Weight	3 lb (1.37 kg) approx.
Power Source	110 / 60Hz / 220 V, 50Hz
