

Coin Counter & Sorter AB410

Advantages

- Saves time and labor costs
- Reduces losses due to human error
- Anyone can use it
- Counts and sorts up to 600 coins per minute
- Displays value and coin quantity
- Individual coin trays
- Coins accepted: US dollar
- Great for small business use

Due to customer and market demands, AccuBanker introduced the fast, powerful and compact AB410, a coin counter that can handle more than your pocket change (unlike those toy-like coin counters you may have seen elsewhere.) This coin counter/sorter can handle up to 300 coins at a time -more than the total of two registers combined- and count at a speed of up to 600 coins per minute. At this power, you can have your coins counted and sorted in seconds. An easy to read screen gives you values and quantities per coin in addition to the totals. Compact and reliable, this coin counter/ sorter is an invaluable aid for banks, supermarkets, movie theaters, retail locations and any other business environments where coins are accepted
