AB1050UV Commercial Bill Counter + UV Detection

Do you need to detect counterfeit bills, count, organize, and manage your cash? Whether you run a small or medium sized business, the AB1050UV Bill Counter is right for you.

AB1050UV money counter uses a roller-friction feeding system for fast and accurate counting -- up to 1,200 bills per minute. A simple keypad control allows you to have counted bills added and automatically separated into batches. Additionally, this bill counter incorporates an ultraviolet proofing system for detecting counterfeit currency.
