

Note Counters

AB4000 MGUV Cash Teller

If you have serious counterfeiting issues and need to double-check while maintaining an accurate count, the AB4000 MG/UV is the right tool for your business.

This series of low-cost front-loading banknote professional counters perform a smooth and fast counting. Labor time is extremely reduced and losses due to human error are eliminated.

The new AB4000 allows an effective, accurate, and reliable counting of banknotes. The unit is equipped with a micro-computerized mechanism that allows an accurate and high speed counting process- up to 1,200 bills/min. Additionally, the unit is equipped with micro-computerized mechanism that allows an accurate and high-speed money counting process.

The AB4000 series include our AccuBANKER patented “emergency stop” feature, which when activated, stops all operations.
