## AB1000 Bill Counter

Whether you run a small/medium sized business or just need to count, organize and manage your cash, the AB1000 Bill Counter is right for you.

This money counter uses a roller-friction feeding system for fast and accurate counting -- up to 1,000 bills per minute. A simple keypad control allows you to have counted bills added and automatically separated into batches.

This counter is an invaluable aid for banks, supermarkets, movie theaters, retail locations, and any other business environment where cash is transacted and controls are required
