

Brings you the best in Retail Technology

8000 Series Pocket Size Mobile Computer

The 8000 series mobile computers combine easy scanning, accurate data capture, long working hours, and powerful options in a compact handheld. With efficient data capture and control, shelves stay fully stocked and merchandise moving. Sales staff spend less time fussing with details and more time creating customer satisfaction and revenue.

Handy 8000s add robust performance and flexible functionality to fast-moving companies that recognize the value of data management.

- Speed ordering, restocking, pricing, and order fulfillment
- Automate repetitive tasks for increased worker performance
- Improve customer satisfaction through enhanced data access
- Empower lead management and contact updates
- Tighten scheduling, order, and delivery tracking
- Streamline operations using vertical-niche applications

Smart solutions with immediate payoffs

- Manage inventory for greater efficiency
- Compete against warehouse stores
- Achieve 100% precision

Ensuring healthy accuracy

Helps healthcare professionals achieve greater precision and responsiveness. The compact design and backlit LCD screen make it a favorite among multi-tasking hospital and laboratory personnel for quickly enhancing communications between doctors, nurses, labs and pharmacies resulting in greater efficiency, fewer errors and enhanced patient and employee satisfaction.

Key link in the supply chain

Improve speed and accuracy of supply chain functions, including picking and packing, route assignment, paperless accounting and batch or wireless ordering and reporting. The easy-to-learn interface combined with long working hours get the job done for logistics personnel who have to maintain communication from the loading dock to the front office.

A small computer with enormous benefits

- Master every detail
- Always ready for overtime
- Power where you need it
- Read Now-Know Now
- Works with your critical applications
